HONORS REQUIREMENTS (see advising section of Honors College website for further details)
• All Honors College students earning a BS degree must complete Requirements 1 and 2 of the Honors College Curriculum, including taking 3 courses under Requirement 2. In general, it is expected that those students earning a BS will take HNRS 122, HNRS 131, and HNRS 240 to fulfill Requirement 2. If they do not, then they must complete the corresponding general education requirement with courses that are outlined in the University Catalog for your catalog year.
• Students earning a BS degree must complete Requirement 3 by taking two additional Honors courses beyond Requirements 1 and 2 of the Honors College Curriculum. These courses must be approved by your Honors College advisor in your Plan of Study.
